OBJECTIVES AND INVESTMENT POLICY

The Sub-Fund, expressed in Euro, invests primarily in fixed and variable rate debt transferable securities, denominated in Euro, issued by government, government-related or corporate entities.

The Sub-Fund may use financial derivative instruments not only for the purpose of risk hedging but also for investment purposes.

The benchmark of the Sub-Fund consists of the index "BofA Merrill Lynch 1-10 year Euro Government" (represents the performance of

the debt securities issued by the countries belonging to the European Monetary Union having a residual life between 1 and 10 years).

This Sub-Fund has three Unit-Classes: Class R, S and T.

R and T are capitalization Unit-Classes.

With reference to the Unit-Class S, the net incomes of the Sub-Fund will be distributed in accordance with the Prospectus of the Fund.

You may request to redeem the units held at any moment, by sending a request on any business day.

- This Sub-Fund is classified in the risk and reward category 3 because the investments' value can be subject to limited daily fluctuations, both positive or negative.
- The historical data such as is used to calculate the synthetic risk and reward indicator may not be a reliable indication for the future risk profile of the Sub-Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and the categorization of the Sub-Fund may shift over time.
- Even the lowest risk category does not mean a risk-free investment.

THE SYNTHETIC RISK AND REWARD INDICATOR DOES NOT ADEQUATELY CAPTURE THE FOLLOWING RISKS:

- **Credit risk:** The Sub-Fund invests in securities whose credit rating may get worse, increasing the risk that the issuer is unable to fulfill its commitments with a negative impact on the securities' price.

CHARGES

These fees and charges are used to pay the costs of running the Sub-Fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges taken before or after the investment

Entry fee	2.50 %
Exit fee	0.00 %

Maximum percentage that can be withdrawn from your capital before it will be invested or before the return is distributed.

	Ongoing charges Charges taken from the Sub-Fund over a year	Performance fee Charges taken from the Sub-Fund under certain specific conditions

The **entry** and **exit fees** shown in the chart are maximum figures. In some cases you might pay less. You can find this out from your financial adviser or from the distributors. For the switch of units, you may choose alternatively two systems of fees: the tariff "by transaction" and the tariff "fixed" (applied on a quarterly basis on the capital invested). The **ongoing charges** figure is based on expenses for the year ending on 31/12/2017. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit fee paid by the Sub-Fund when buying or selling units in another fund.

For more information about charges and fees, including the information of the calculation criteria of the performance fees, please see section "Charges" of the Fund's Prospectus, available on the website www.fideuramassetmanagement.ie.
